

CONGRESS FACES CLOSE FIGHT FOR LEAD IN SENATE

Washington Nervous As Open-
ing Session Brings Sit-
uation To Head

FIGHT FOR THE PRESIDENCY

Senator LaFollette May Be Ab-
sent Because Of Rumored
Serious Illness

BY DAYD LAWRENCE

Copyright 1923 by The Post Pub. Co.
Washington—One week before the
opening of congress finds the national
capitol in a state of nervousness over
the various situations that are de-
veloping and likely to develop.

First, there's a fight in the house
over the leadership between Repre-
sentative Graham of Illinois and Repre-
sentative Longworth of Ohio, with
the "Progressives" supporting Repre-
sentative Cooper of Wisconsin, on the
theory that holding the balance of
power they will be able to force the
selection of their own members for
important committee chairmanships.

Second, the departure of Vice Pres-
dent Coolidge in the desk of presiding
officer of the United States makes it
necessary to choose a permanent pres-
ident of the senate, and Senator Cum-
mings of Iowa who was president pro
tem during the last session whenever
Mr. Coolidge was absent is in line for
the position. But if he takes it, Mr.
Cummings may be forced to relinquish
the chairmanship of the committee on
interstate commerce and under the
seniority rule Robert M. LaFollette,
senior senator from Wisconsin, hav-
ing served the longest in that com-
mittee, becomes entitled to the chair-
manship. Out of the interstate com-
merce committee, come bills relating
to railroad and transportation mat-
ters. Mr. LaFollette would have a
great deal of influence in shaping the
government's railroad policy—or at
least sufficient power to keep the rail-
road on the anxious seat with respect
to the clause of the transportation
act which permits them to make a
5 per cent return on their invest-
ment.

CUMMINGS SEEKS POST

Mr. Cummings wants to be president
pro tem. Senator Henry Cabot Lodge
favors him for the position, and
doesn't see any reason why Mr. Cum-
mings couldn't retain the committee
chairmanship too. That would be all
right if Mr. LaFollette and his
friends in the interstate com-
merce committee and if they do not
get what they want they can over-
throw the whole Republican organiza-
tion scheme by simply uniting with
the Democrats. The Republican ma-
jority is slender and the support of
the LaFollette group is needed to car-
ry on Republican parliamentary man-
euvers throughout the session.

Senator LaFollette is a sick man.
He hasn't been in evidence
during the last three weeks that he
has been in Washington. Some of his
close friends say he has an attack of
the grippe. Others hint that his ill-
ness is more serious. Anyway, it will
probably become apparent whether he
is in physical condition for the battle
in the next congress when the senate
convenes. Mr. LaFollette is usually
in his seat on such occasions.

Coast Guard Officials Say

Representative Garrett of Tennes-
see, leader of the Democrats, in his
statement denying that the Democrats
will play politics with the tax reduc-
tion program, is laying the founda-
tions for a campaign that will not
make possible for the country to
charge the Democrats with wrecking
the tax program, though Mr. Gar-

party will make all the necessary at-
tempts to frustrate the policy of the
administration without any assistance
from the Democrats. Mr. Garrett's
pronouncement is considered a wise
one from the viewpoint of strategy.
It places the Democratic party in the
position of wanting to aid in tax
reduction—an admittedly popular pol-
icy—but it doesn't commit the Demo-
crats to specific aid as against the
radicals, though when the showdown
comes enough Democratic votes prob-

ation from becoming hopelessly dead-
locked. The atmosphere is neverthe-
less one of great uncertainty and
doubt as the day of the session ap-
proaches.

POLISH "COUNT'S" FRIEND HELD AS BURGLAR SUSPECT

By Associated Press
Los Angeles—D. Van Horn, 46,
who says he came here from Seattle to
assist in obtaining the release from
San Quentin of Alberto Sischofsky, a
self-styled Polish count, was arrested
here Monday night after he requested
a taxi driver to put him in touch with
a good safe blower, according to po-
lice. The taxi driver indicated him to
a detective, who is alleged to have
to have played the role of a good
safe blower, so adroitly that enough
evidence was obtained to hold Van
Horn as a burglar suspect.

Don't Crowd, Men!

A fellow wouldn't mind digging down in his jeans for an extra dime when
he paid for his shine if all bootblacks were like the new ones they have in
Seattle. They are pretty girls—coeds at the University of Washington.
And they are earning money for welfare work. Many an old grad returned
to the campus to get an extra gloss on his shoes. The first on the stand is
Chief of Police William B. Severns of Seattle, whose shoes Veida Morrow
is prepping up. And next to him is Lieut. Gov. William J. Coyne.

Oysters Taboo When Typhoid Follows Feast

By Associated Press
Chicago—Raw oysters of a certain
brand are barred from sale in more
than two score stores in Chicago's
North Shore suburbs as a result of an
order of local and state health author-
ities who consider the oysters respon-
sible for an epidemic of typhoid fever
in the district.

Investigation of 26 cases of typhoid
in Evanston, made by Dr. C. T.
Roome, health commissioner, devel-
oped that each one of the patients had
eaten oysters, of the same brand, be-
fore showing symptoms of the fever,
according to a statement. Tests of
milk and water supplies found them
free of contamination.

a rest only, he said.

Pressed for his professional opinion
on the prohibition outlook here his
only comment was "it will be very
easy to give them a dry cleaning."

Oklahoma Anti-Klan Forces Score First Upper House Victory

State Senate Adopts Clause In
Bill Regulating Secret Orders
To Make Wearing Of Masks
a Misdemeanor

By Associated Press
Oklahoma City—The state senate
Tuesday adopted a clause in the bill
to regulate secret orders, making it
a misdemeanor to wear a mask. The
action was greeted by proponents of
Klan legislation as the greatest con-
cession made thus far by the group
opposing strict regulatory laws. The
vote was 24 to 13.

Rebuked by their leaders for alleged
insincerity in their consideration of
anti-Ku Klux Klan measures, mem-
bers of both houses of the state legis-
lature went into session Tuesday to
renew discussion of the proposed leg-
islation with their opponents holding
the whip hand.

The controversy now extended into
lower house, it became increasingly
apparent that a prolonged and bitter
fight is in prospect.

Before final action is taken on any
of the various proposals for an act
regulating secret organizations in

THUGS KIDNAP SPEED COP IN BOLD ESCAPE

Motorcycle Officer Arrests
Bandits; Aids in Escape
At Point Of Gun

By Associated Press
Joplin, Mo.—With a captured po-
liceman at the wheel of their motor-
car, four bandits who participated in
the holdup of the Bank of Asbury, at
Asbury, Mo., Monday drove to free-
dom.

The kidnaped officer was Clarence
Allison, local motorcycle patrolman,
who engaged the men single handed
in a field near Crestline, Kan., only to
be overpowered and made an instru-
ment in their escape.

Several hours after the robbery, Al-
lison came on the quartette on a road
near Crestline and opened fire. The
bandits, seeing an automobile ap-
proaching, feared they were be-
ing hemmed in and abandoned their
own car, taking to a field. Allison,
also driving an automobile, headed in
to the field but his car soon became
mired.

He continued the pursuit on foot
and seeing the bandits dash into a
vine, scouted through a wooded sec-
tion to cut them off.

The officer lay in wait and present-
ly three of the bandits came abreast
of his hiding place. Allison jumped
out and without resistance the men
surrendered.

He had marched the prisoners only
a few yards when he felt a gun press
against his back and heard a com-
mand "drop that gun."

Returning to their machine with
the officer under guard, the bandits
found the machine stalled and com-
manded another car belonging to
J. A. Lucas of Columbia, after tell-
ing Lucas and his wife "Well let you
go, but we're going to kill this offi-
cer."

Allison was forced to take the
wheel while one of the bandits sat
beside him with a revolver drawn. The
car was driven through Galena and
Baxter Springs, Kan., and Commerce,
Okla., and under cover of darkness the
men released Allison.

PERRY SAYS MOON IS DEADLY POISON

Federal Prohibition Director Is-
sues Warning Against
Holiday Liquor

By Associated Press
Milwaukee—Clark M. Perry, federal
prohibition director for Wisconsin fol-
lowing the report of two alcohol deaths
reported Monday by the coroner's of-
fice here, in a formal statement warns
the people of this state against holi-
day liquor.

"So called Christmas booze that is
being peddled in the state is nothing
less than deadly poison, and death or
blindness lurks in every drink of holi-
day liquor," declared Mr. Perry. "I
base my statement upon actual facts.
During the last six weeks we ex-
amined 81 samples of holiday booze
served in various parts of the state, in
every case it was found that the liquor
consisted of denatured alcohol which
had been redistilled."

KENOSHA-CO SUE FOR COSTLY DELAY

By Associated Press
Kenosha—A claim for \$54,513.25
against the County of Kenosha, for
delay in furnishing the building site
for the new Kenosha-co court house,
to the contract or as stipulated was
presented to the county board of su-
pervisors by the Hutter Construction
Co., builders of the structure. After
the contract for the building was let,
the county exchanged sites with the
city in keeping with the development
of a civic center plan. The city was
unable to secure and deliver the site
at the time scheduled, it being deliv-
ered in September instead of early
spring. The company alleges that the
delay will make an additional cost of
the sum claimed in the erection of
the building. Whether the city or
county will pay the damages must be
determined later.

FORD SUBMITS PLANS FOR BIG POWER PROJECT

Specifications For \$1,500,000
Plant In Florence-co,
Presented

By Associated Press
Madison—Specifications for a power
project to cost approximately \$1,
500,000 were submitted to the Wiscon-
sin Railroad Commissioner Tuesday
at a hearing on the application of the
Ford Hydro-electric Power Co. for
authority to construct a dam on the
Menominee river in Florence-co. The
application was taken under consid-
eration by the commission at close of
the hearing and further information
concerning the project is to be sub-
mitted.

Under the specifications outlined,
the proposed dam would include a
drainage territory of 2,300 square
miles. It was estimated that the lake
which would result from the dam
would include 450 square miles of
land. The plant which is proposed
at the point would generate twenty-
four million kilowatt hours of power
annually. The plant would be
used as a body building factory of the
Ford automobile system.

Opposition to sale of land adjoining
the proposed dam site was voiced by
Guy Xeeley and Miss May Xeeley,
owners of 413 acres of land in the vic-
inity. The railroad commissioner an-
nounced it will conduct an investiga-
tion into the project and fix values
on lands which would be purchased
under the project.

The Ford interests were represented
by William Ryan, Madison attorney.

TWO INJURED IN CHICAGO WRECK

Seattle Train Crashes Into Open
Switch And Hits Em-

By Associated Press
Chicago—Two persons were seriously
injured and scores of passengers
were shaken when the Columbian
crack train from Seattle on the Chi-
cago, Milwaukee, & St. Paul railroad
ran into an open switch and crashed
into the rear of an empty train in the
central part of Chicago Tuesday.

The persons reported injured were
Mrs. Katherine Skunkak of Chicago,
and Paul Kamarkis, a tower man,
whose tower was partly torn down.
He was crushed and burned.

The Columbian was scarcely a mile
from the Union station when the
crash occurred at Kinzie-st., and Un-
ion.

The locomotive of the crack train
ploughed through the rear coach of
the empty train. Approximately 140
passengers were aboard.

The Columbian left Seattle on Nov.

FORD'S RAIL CHIEF REPORTS TO I. C. C.

By Associated Press
Washington, D. C.—E. G. Leibold,
vice-president of the Detroit, Toledo
and Ironton, Henry Ford's railroad,
mission Tuesday that he was willing
to appear before it next Tuesday to
present his company's views on rail-
road consolidation. Hearing was set
for that day.

The United States marshal at De-
troit returned to the commission, a
subpoena for Mr. Leibold, marked
"not found." The Ironton official him-
self informed the commission, how-
ever, that he had not known of its de-
cision to secure his attendance and had
given the notification immediately up-
on reading newspapers accounts of the
search instituted for him.

The Detroit, Toledo and Ironton is
the only road in the country which
has failed to put evidence asked for
into the commission's record on con-
solidation.

HUNTERS URGE GREATER PROTECTION FOR DEER

By Associated Press
Birchwood, Wis.—That a closed
deer season for about five years with
alternate seasons thereafter is needed,
is emphasized by the fact that but
180 deer have passed through the fore-
st this season from the forests
north of here. In one season 8 or 9
years ago approximately 2,000 deer
were brought through Birchwood.
Some protection should be given the
deer, old hunters declare. Many ad-
vocate a closed season for five years,
alternate seasons to follow the closed
period, and but five days to hunt each
year. Hundreds of well known hun-
ters who have been successful during
the past seasons have returned to
their homes and report that deer are
seldom seen in the woods now.

Albrecht Gives Up Efforts To Build Cabinet

Medics Watch
Tryouts With
"Truth Drug"

By Associated Press
New Orleans—Dr. R. E. House, dis-
covered that persons under the influ-
ence of scopolamin will tell the truth
when questioned, expected Tuesday to
give a demonstration at the parish
prison here before the New Orleans
Medical society, police officials and
newspaper men with volunteer prison-
ers as the subjects.

The "truth serum" is nothing more
than the drug administered by obste-
tricians, to produce "truthful sleep."
Dr. House said that in Texas several
years ago he asked the husband of a
patient under the influence of the
drug to get him a certain article. The
husband returned and reported that
he could not find it, whereupon the
patient, without opening her eyes or
showing any signs of consciousness,
told him where to look for it. With
the incident in mind, Dr. House there-
after questioned the patient's while
under the influence of the drug and
in 1921, after numerous experiments,
made public his discovery.

President Ebert thereupon began
negotiating with the leaders of the
bourgeois parties for the formation of
a five party block, uninclusive of the
Socialists.

Up to Tuesday afternoon none of
the parties had proposed a candidate
for the chancellorship.

BOURGEOIS CABINET

An alternative suggestion which ap-
parently was relegated to the rear
for the time being at least, in favor
of the five party attempt, was an ef-
fort to form a bourgeois cabinet com-
posed of representatives of the Ger-
man nationalists, Centrists and Ger-
man Peoples parties. Such a cabinet
would have to reckon with the oppo-
sition of the Socialists and the Com-
munist and at most with the neutral-
ity of the Democrats, while the Cen-
ter party made its collaboration sub-
ject to two candidates; first, that the
government must be along constitu-
tional lines; and second, that the treaty
of Versailles must be regarded as
binding.

Lack of agreement among the parties
on these conditions has seemed to be
the sticking point.

A candidate for the post of chancel-
lor in such a bourgeois cabinet was
Dr. Jarres, minister of the interior in
the Stresemann cabinet.

LAMP CAUSED BLAST IN ILLINOIS MINE

Escape Of 900 Men Unharm-
ed Is Chief Source Of Wonder
After Explosion

West Frankfort, Ill.—The explosion
at mine Number 1 of the Chicago,
Williamson and Franklin Coal Co.,
Monday, probably was caused by
Harry Odde, one of the two men
killed, who had attempted to repair
a set of tools he left in a worked out
room of the colliery, several days ago,
according to officials of the company.
Odde, the officials said, was climbing
over a pile of debris and his torch
ignited gas that had accumulated at
the top of the room.

Nine men were still in the local
hospital Tuesday, three having gone
home. Physicians said all probably
would recover. The burns, in all
probability, will not disable any of
them, it was added.

The fact that approximately 900
who were in the mine at the time of
the blast escaped without even a
scratch, was the chief topic of con-
versation Tuesday. All agreed it was
the room or "panel" system at the
colliery that allowed so many men to
get to the surface unharm.

AUTO BANDITS MURDER VICTIM AFTER ROBBERY

By Associated Press
Los Angeles—Charles Chapman, 25,
an insurance salesman, was shot and
killed early Tuesday morning by a
 trio of automobile bandits after they
had stripped his car and forced him
to escape in an old wagon. He was shot
down after he had been searched for
valuables. He died an hour later.
Three men are being held in connec-

Negro Singers In Concert At Local Church

Familiar plantation melodies are a part of the program to be presented by the Peoria negro company, a group of Negro musicians at the German Methodist church Thanksgiving night. Madam A. J. Price and Miss Marie Gordon are said to have pleasing soprano voices, and while Miss Grace M. Thompson has a splendid contralto voice. Jerry C. Anderson, bass, Howard S. Morris, baritone, and Gladstone Giamison and L. H. Higgins, tenors, sing in a quartet that has won considerable praise. Besides plantation melodies, the program includes comic and instrumental selections and sacred songs.

If you do not laugh at this play as adapted by the marionettes, go home and call a doctor because somehow your sense of humor has been severed and lost forever.

characters are themselves caricatures, humorous, and full of action. Animals abound in the story, and Mr. Sarg finds himself perfectly at home in producing acting sheep, horses, Sancho Panza's ass, Dapple, and even venturing into the insect world when it became necessary to show the ubiquitous humbees which disturbed the numbers of the doughty Don and his faithful Squire, Sancho.

The Don's charge upon a flock of sheep his tilting contest with the windmill and with another knight in armor, and the little marionette play within the marionette play are a few of the features most unusual and never before attempted on the marionette stage. Mr. Sarg has devoted six months to the production, during which time he dramatized the story, made the figures, designed and produced the costumes except a few which came from Spain and Italy, and conducted a school for his puppeteers. The total cost of the play amounted to more than \$10,000, far exceeding any marionette show ever produced. The gorgeous scenery and lighting effects have been delighting audiences throughout the East where the company has been on tour since early November.

Women Invited To Club Rooms

All women who are away from home for the great family holiday, Thanksgiving, are invited to spend the afternoon and evening at Appleton Women's clubhouse. A program similar to that of the Sunday afternoon cozy has been planned for from 4 o'clock to 9:30.

CARD PARTIES

The Forester Home association will have a St. Nicholas card party, dinner and bazaar at Forester home on Dec. 5. The dinner will be served from 11 to 1:30 and will be followed by cards in the afternoon and evening. Plans for the bazaar in connection with the other activities are not elaborate. This is the last dancing party which the Forester Home association will give, as the home is being taken over by an association of Catholic societies.

L. H. Keller won first prize in the weekly skat tournament at Elk hall on Monday evening. Second prize went to J. I. Monaghan and third prize to Anton Fischer. The prizes were generous Thanksgiving baskets.

One hundred chickens and ducks were awarded to schafkopf winners at the open card party by Forester Home association in Forester home Monday evening. Another party will be held Tuesday. Thirty-four tables were in play Monday evening.

Venus Rebekah lodge gave an open card party in Rhine lodge hall Monday evening. Winners at schafkopf were Julius Froelich and Mrs. Eva Riedel.

Zion Church Young People Hold Socials

Confirmed young people over 16 years of age of Zion Lutheran church were entertained at Zion school Monday evening. The program consisted of a play, "Double Crossed," games, and a brief address by the pastor, the Rev. Theodore Marth. The junior social, for confirmed children under 16, will be held in the schoolhouse Tuesday evening. A short play "What Auntie Saw in Town," will be presented.

LODGE NEWS

About 100 members were present at the dinner given by Valley Shrine in Masonic hall Monday evening. In addition a class of candidates followed the dinner.

Women's Catholic Order of Foresters will hold its regular meeting at 8 o'clock Wednesday evening in the Forester home on Washington-st.

THE BEAUTY OF HEALTH

Newspapers and magazines are devoting columns to magic or over-night beautifiers. There is a beauty in health that is far more attractive to men than mere regularity of features or a made-up complexion. Health should be the first essential to women who want to win and hold admiration, respect and love. At the first indication of ill health as indicated by dark circles under the eyes, a sallow complexion, headaches, backache, pain in the side, nervousness, irritability and melancholia, women should take Lydia E. Pinkham's Vegetable Compound, the standard remedy for women's ills, which has been proven to help 98 out of every 100 women who try it.

THE SOCIAL SEASON AND THE HOME

The Holidays are coming and Thanksgiving is only a few days away. From then on there will be lots of entertaining and one must see that the home is made ready for the many festal occasions.

The efficient housewife is going to take inventory. She is going to ask herself if the dining room needs a new suite to replace the old one that is fast becoming shabby; or a new Rug to brighten up the room and a handy tea cart that will help her in serving.

And then with her list carefully made out, she'll find our store ready to meet her needs.

The Dining Room Suites in mahogany or walnut have never been as attractive as they are this year. Gracefully designed and well built the buffet with its roomy drawer space for linen and silver; the table either round or oblong and five side chairs and a host chair upholstered in leather or a fine grade of tapestry. The workmanship is excellent and it is a pleasure to see how well each detail is taken care of and how beautiful the finish is.

SEYMOUR PUBLIC SCHOOL PUPILS TO PRESENT PROGRAM

Thanksgiving Exercises Will Be Given At City Auditorium Tonight

Special to Post-Crescent: Seymour—A Thanksgiving program will be presented by the pupils of Seymour public school Tuesday evening in the auditorium. The gathering is open to everybody.

A selection by an orchestra composed of high school students will open the program, and a welcome will be extended by the first and second grades, of which Miss Seavey is teacher.

An Indian cantata then will be presented by pupils of the first, second and third grades, of which Miss Seavey and Mrs. Hanley are teachers. The boys' glee club is to sing and an exercise "Thanksgiving with Mother Goose" will be given by fourth graders taught by Miss Goding.

Miss Little's fifth grade pupils will put on an exercise entitled "Golden Pumpkin Pies." Sixth graders under Mrs. John Knox will present "Old Magic Curtain" is the title of the Plymouth play which will follow, with several grade children under Mrs. H. Hauch taking part.

A humorous number, "Fun in a Photograph Gallery" will be given by the eighth grade. The program will close with a selection by the girls' glee club.

Charles Bergeman and Gilbert Berry of Wilkes are visiting relatives over the weekend.

Oral Berry of Rhineland, William Berry of Green Bay, Francis Berry of Milwaukee, Gilbert Berry of Wilkes and Ray McIntyre and Harrison Smith Seymour, were bearers at the funeral of Mrs. Sam Steward Friday. The Berry brothers are grandsons.

SUFFERERS SHOCK

Mrs. L. H. Tubbs received an electrical shock Sunday night caused by a defective switch. The shock was felt when she pulled a chain to turn on the light. A doctor had to be called to relieve the suffering.

Ladies Aid society of the Methodist church will have an all day sewing bee at the home of Mrs. Pauline Sturms Tuesday evening. The board and Sunday school board of the church met Monday evening.

Sunday, Dec. 2, all out-of-town members of the Appleton district exchange pupils. The Rev. G. W. Lesch, pastor, will be in charge. The Rev. J. H. Tippett, district superintendent, comes to Seymour and Black Creek to speak on the world service program of the church.

PLAN SOCIAL

An Epworth league social will be held in the church parlor Friday night, Nov. 30. This is a "traveler's" social and each may travel in any kind of craft, boat or vehicle they choose.

The Epworth league sent Mrs. Bernice Tubbs, president and Miss Kathleen Brunson, second vice president, to Green Bay Sunday to attend services at West Side church for the day and report Sunday evening, Dec. 2, on what they saw and learned.

Mrs. Will Knox and children of Kaukauna, visited relatives here Thursday and Friday last week and attended the funeral of Mrs. Sam Steward.

Seymour Modern Woodman lodge initiated several candidates at Odd Fellow hall Friday night. There was a large attendance of members. A roast pig was served.

Mrs. Herman Eick returned from Deaconess hospital, Green Bay, to her home Saturday.

Mrs. Ralph Tubbs expects to return home Wednesday from the hospital. Fred Bishop of Green Bay, called on his parents here Sunday.

C. H. Benedict returned home from a hospital at Green Bay Friday night. Peter Block left Monday for a week's visit at Ripon and Markesan.

Charles Freund has received a letter from his father, Jacob Freund in Germany, saying that the latter expected to be home about Dec. 14. Monday the first snowstorm of the season occurred here.

County Deaths

MRS. WILLIAM ABEL, SR.

Special to Post-Crescent:

Cleora—Mrs. William Abel, Sr., 64, died at her home here at 100 Monday afternoon, following a stroke of paralysis. She suffered a first stroke about a year ago and her health had been failing since that time.

Mrs. Abel was born in Dodgeville, Aug. 22, 1859. She was married to William Abel Aug. 18, 1880. The couple took up residence in Cleora and have lived there ever since. Mrs. Abel is survived by her widow, four or eight children and twenty grand-children. The children are: Robert and William, Cleora; Otto, Seymour; Herman, Galesburg; Mrs. Charles Miller, Cleora; Louise, Oshkosh; Emma and Anna, Chicago.

Funeral services will be held at 1 o'clock Friday afternoon at the home, and at 2 o'clock at St. John Evangelical church, Cleora, with the Rev. Paul Becken of Black Creek in charge. Burial will be made in the Evangelical cemetery.

BRING BACK DEER

Kaukauna—Louis Chizek and Melvin Borreson returned last Friday from a deer hunting trip in the north. Each bagged a buck, bringing the total number of animals secured by Kaukauna hunters up to five. That number is only a small portion of the local sportsmen who went in quest of deer.

COMPETITION TOO KEEN FOR ANOTHER PEA CANNING PLANT

Kaukauna's Hopes For New Industry Blasted When Company Changes Plans

Kaukauna—The pea canning industry, which was practically assured Kaukauna a few months ago, will not come here. After getting off to a splendid start and securing the cooperation of almost enough farmers to furnish peas for a factory in this community, officials of the company have changed their plans. The fact that numerous other companies are putting up new factories in and about this territory was given as the reason for the decision of company officials.

Through efforts of John T. Timmers, the company was induced to consider the construction of a large factory here. A meeting of farmers held in the municipal building a few months ago, attracted a host of farmers from the vicinity who all expressed their approval of the idea and agreed to sign contracts to raise peas for canning. Agents of a canning company with factories in Oakfield, Redville and Theresa, were present and explained the proposition. They said at the time they were well satisfied with the outlook.

Social Items

Kaukauna—A Thanksgiving dance will be given Wednesday evening in the auditorium by the Loyal Order of Moose. Music will be furnished by the Meliorimba orchestra at Appleton.

Mrs. Jacob Licht, 109 Island-st. entertained Sunday in honor of her birthday anniversary. Chicken dinner was served. Twelve persons were present. The afternoon and evening was spent in card playing and musical entertainment. Mr. and Mrs. Fred Wilke and daughter Lucille, Mr. and Mrs. Irvin Kahn and son Donald of Milwaukee, were out of town guests.

The annual bazaar and supper of First Congregational church will be given in the church basement Thursday evening, Dec. 6. Supper will be served beginning at 5 o'clock.

KAUKAUNA PERSONALS

Kaukauna—Mr. and Mrs. O. T. Thompson of Neenah, were guests at the home of Mr. and Mrs. H. E. Thompson Sunday.

Myron Black left Tuesday morning to visit friends in St. Louis, Mo. A son was born Sunday afternoon to Mr. and Mrs. Joseph Muthig.

Mrs. H. A. Knitter of Lakewood, returned Saturday to her home after spending a week at the home of Mr. and Mrs. P. R. Chamberlain.

Mr. and Mrs. A. Goldin returned Sunday evening from a week's business and pleasure trip in Chicago.

Mr. and Mrs. William Rohloff and sons of Neenah, called here Sunday. Miss Lydia Sander of Fremont is visiting here.

Dr. J. J. Laird and family were Appleton visitors Sunday evening.

Mr. and Mrs. Irving Grunwaldt, Miss Viola Grunwaldt and Lance Wickesberg attended a football game at Green Bay Sunday.

A daughter was born to Mr. and Mrs. Emil Gosse of Cleora, Friday. Mrs. William Eberhard and daughter.

POSTERS ADVERTISE SCHOOL CARNIVAL

Kaukauna—Those posters in store windows about the city are not announcing the organization of the Ku Klux Klan in Kaukauna. Those large "K. K. K.'s" are only the letters of "Kaukauna Konic Carnival" to be held Friday, Dec. 7 in the high school auditorium under the auspices of the high school athletic association.

The carnival will include a variety of curiosities that will bring the shreds into the treasury of the school association. The fund in the treasury took quite a slump during the football season just closed. As a result it is necessary to raise money to meet the debts and the carnival was hit upon as the means.

A poster campaign in the high school closed last Friday. The advertising committee was appointed to judge the posters and finally awarded prizes for best posters to Agatha Gosse and Norma Belgie.

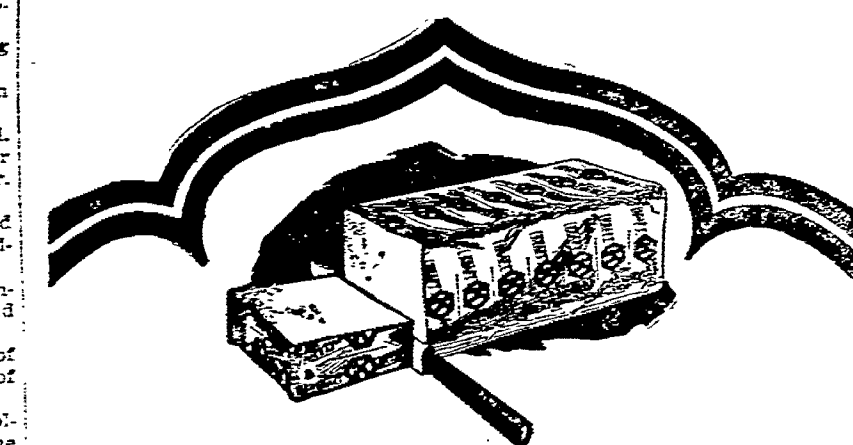

GEORGE RICE DIES AT DAUGHTER'S HOME

Kaukauna—George D. Rice, 71, one of Kaukauna's earliest pioneers, died at 2 o'clock Monday morning at the home of his daughter, Mrs. Levi Ruppert, Buchanan, after an illness of about two weeks. He is survived by three daughters, Mrs. Rupert, Mrs. W. J. Paschen and Mrs. August Stegman, all of this city; three sons, George and Asa Rice, Kalamazoo, Mich.; Myron Rice, Canada; 19 grandchildren and six great grandchildren, one sister, Mrs. James Hamilton, Kaukauna.

Funeral services will be held at 2 o'clock Wednesday afternoon from the Reformed Methodist church, with the Rev. W. P. Hulien in charge. Burial will be in Kelson cemetery. Mr. Rice was born on Feb. 8, 1852 in New York state and came to Kaukauna when he was a baby.

Teacher Under Age; Wedding Is Called Off

Special to Post-Crescent:

Cleora—Miss Alice Garrity of Lawton, teacher of 1st district No. 1 school here, was to have been married Monday morning but she still is a "Miss." Everything was in readiness for the ceremony by which she would become the bride of John Manders and the Rev. A. A. Vissers was waiting to tie the nuptial knot.

The law and Miss Garrity's parents stepped in in the meantime, however, and the wedding was called off. Miss Garrity is not of age. It is said, and her parents were not willing to give their consent to the marriage, as required by law. No future date has been set for the ceremony.

Children of Seymour, were callers at the R. Garbke home, Sunday. Mr. and Mrs. A. L. Dardick returned Sunday from a two week's visit at Marquette.

Ford Four-Door Sedan

\$685, f.o.b. fully equipped.

Inside and out, the new Ford Four-door Sedan shows improvements of far more than usual importance.

It is lower and sturdier in appearance. New cowl, hood, radiator and apron add size and finish to the front. Sun visor, and wide, well-finished aluminum doors with bar handles perfect the design of the body.

The lasting lustre of the exterior finish is equalled in richness by the soft brown shades of the silk window curtains and the deep broadcloth upholstery.

Dome light, door locks, window regulators and handles, all finished in nickel, complete a refinement you would expect only at a far higher price.

Convenience, utility and economy have established Ford supremacy. The Four-Door Sedan adds to these factors greater Ford prestige.

This car can be obtained through the Ford Weekly Purchase Plan.

INDIAN PAGEANT BOOMS TRAVEL ON ROUTE 15 IN 1924

Promoters Expect Apostle Islands Pageant To Attract Thousands

Wisconsin's "Main Street," or state trunk highway 15, will carry from three to five times as much tourist travel in 1924 as in any previous year, it is predicted by the Apostle Islands Indian Pageant corporation, Bayfield, Wis., following a review of correspondence and inquiries from middle western and eastern states.

Placed as one of the main lines of travel, highway 15 in Wisconsin, and highways 15 and 12 in Michigan the "Cloverland Trail" in Michigan is to be featured in the first Northeastern Wisconsin tourist book. Tourists are planning to make it their main line of travel to the big pageant park at Red Cliff bay.

That the Indian pageant will in its first year become a national attraction surpassing Frontier Days at Cheyenne, is assured with the addition of a 15-day historic spectacle of a complete tented city of attractions which may include some of the leading motion picture actors of America.

ASSEMBLY INDIANS
The project is backed by influential persons of Northwest Wisconsin and includes the assemblage of more than 2,000 native Indians of the Great Lakes region, placing them in primitive garb with aboriginal weapons, canoes and dwelling places. Scenes from Hiawatha, the last battles of the Ojibwa and the Sioux and the Hurons, the massacre of the old fur trading post garrison, the sacrifice of the princess on the fiery rock and others will be depicted.

There are to be interspersed with lacrosse games, log rolling, canoe tilting and other sports. A spacious park has been created in the virgin timber with an amphitheater overlooking beautiful Red Cliff bay.

Hotel men, garages and civic associations have been notified that special accommodations should be made for the last two weeks of next July and practically the entire month of August. During this time more tourists than ever will be traveling through Wisconsin to the pageant park.

Plan to attend the St. Elizabeth Card Party at Elks Club Saturday afternoon.

Golden Anniversary Of Marriage Celebrated

MR. AND MRS. F. H. DEAN

Special to Post-Crescent
Seymour—Two of the early residents of Seymour who have had a part in the city's progress, Mr. and Mrs. F. H. Dean, are celebrating their golden wedding anniversary. The day is being spent quietly with the children and grandchildren joining in an informal party at the home.

Mr. and Mrs. Dean were born in the town of Hustisford, Dodge Co. They were united in marriage on Nov. 27, 1873 at Rockwell, Iowa, on Thanksgiving day. They resided in Hustisford four years where Mr. Dean worked as a tinsmith. They then moved to Seymour in March, 1877, where they have resided ever since.

Mr. Dean and his father, James Dean, engaged in the hardware and implement business for several years in Seymour. Mr. Dean then traveled as a salesman on the road and also built and operated a machine shop for 14 years.

Civic service has been one of the accomplishments of Mr. Dean while living in Seymour. He organized Odd Fellows lodge of Seymour. He also was the means of getting the city of Seymour incorporated. He called a meeting of the citizens and voted for a fire company. The move was backed by only three votes. He waited the limited time of six months, called another meeting and won out by seven votes. He bought the first fire engine in the city, a hand pump for 30 men, at a cost of \$330 and freight of \$50.

He also started the first cattle or market fair in the city. He engaged a brass band to play for it at a cost of \$20. He went to Appleton and had his printed at the office of the Appleton Post. These he posted throughout the country. The day of the cattle fair there was just one cow for sale worth about \$5. The band played until noon and quit. Mr. Dean settled with them by giving them \$15 for the half day's work. Later he and two neighbors bought a well-timbered block and started a park, which was open for two summers. Not feeling that they could finance the park further it was divided into lots and sold.

Mr. and Mrs. Dean have three children, Chester, Bert and Mrs. Arthur Boyden, all living at Seymour. They also have six grandchildren. Mr. Dean with his son, Chester, is engaged in the insurance business, and is also justice of the peace and tries to keep the speakers in check.

RURAL CARRIERS MAKE SURVEY OF PORK PRODUCTION

U. S. Department Of Agriculture Seeks Data To Help Farmers

The 1923 fall pig survey is about to be undertaken in this community by the rural mail carriers. The semi-annual surveys are made for the United States department of agriculture. A report is then made by the department that enables the farmer to determine whether to cut down or increase the number of sows for breeding, and also whether to market his hogs light or heavy, depending on the prospective supply as well as the relative price of corn and hogs.

The pig surveys show the increase or decrease in the number of sows which farrow each spring and fall compared to the same season in previous years; the increase or decrease in the number of sows saved in the previous year; the increase or decrease in the sows bred or intended to be bred for farrowing in the following spring and fall compared to the number which farrowed during the same periods in previous years.

For instance, June, 1923, the report showed that the spring pigs saved last year were only slightly above the previous year; therefore, if the report is accurate the number to go to the market this fall and winter should not be much above last year. A decrease in weight might reduce total weight of pork produced below same period last year. A difference of only a few pounds in the average weight per head makes a difference of millions of pounds in the quantity of pork produced.

Stocks of pork in storage which were about a billion pounds in May were rapidly declined (35 per cent) by that date on Oct. 1) in the face of the greatly increased receipts at stockyards, showing a great increase in the consumption of pork products, the department reports.

BOY OF 10 ARRIVES AT KIMBERLY FROM ENGLAND

Special to Post-Crescent
Kimberly—James Watson, ten year old son of Mrs. Theodore Van Laarhoven arrived here from his former home in Bolton, Lancashire, England. I SPIED TODAY

A TEST OF POLITENESS

Recently a high school student made a test of politeness at Kresge's and Woolworth's stores. She stood at the door first of one store and then the other and held the door open for people. At Woolworth's, out of 125 people passing through the doors, only three said "Thank you" to the girl who held open the door, while at Kresge's, out of 75, only five remembered to be polite.

A TWO WHEELED FIGHT

I'm with the Irishman who enjoys a good fight and I certainly saw one when I came home from school Monday evening. Two boys who were leaving the high school were fighting over a bicycle. Finally one grabbed the "bike" and ran into the street, holding the vehicle by the seat and balancing the front wheel without touching the handle bars. He turned to look at his companion and the wheel crashed to the ground and he fell into it. He picked himself up, brought the bicycle back on the sidewalk and made up with his "enemy."

Out Goes All Rheumatic Poison

Rheuma Acts On Kidneys, Liver And Bladder The Very First Day

Get a bottle of Rheuma today and wear a satisfied smile on your face tomorrow.

It's a remedy that is astonishing the whole country, and it's just as good for gonorrhea, sciatica, lumbago and kidney misery as for rheumatism.

It drives the poisonous waste from the joints and muscles—that's the secret of Rheuma's success.

But we don't ask you to take our word for it; go to Schmitt Bros or any good druggist and get a bottle, and if it doesn't do as we promise get your money back. It will be there waiting for you.

BANDITS GROW BOLDER --- PLAN HARDING MEMORIAL

For the first time in many moons, a president of the United States left the White House to attend a meeting. President Coolidge is shown here attending the first meeting in the capital of the Harding Memorial Association Board of Trustees. Seated, left to right: Edward B. McLean, Secretary of State Hughes, President Coolidge, Secretary Mellon, Secretary Weeks, and Secretary of the Navy Denby. Standing: James J. Davis, Atty. Gen. Daugherty, Brig. Gen. Sawyer, Senator Joseph Frelinghuysen of New Jersey, Governor D. R. Crissinger, Fred Upham, and George Christian.

Bandits hold up men, and their friends are becoming bolder in New York. They're getting so bold that Police Commissioner Enright has taken command of a crime wave and curtailed vacation and off-duty privileges of patrolmen and detectives. This photo shows one of the very boldest and most successful attempts of bandits. They smashed the big plate glass show window of Hickson's, one of Fifth Avenue's most fashionable shops and stole furs and gowns valued at many thousands of dollars—and escaped.

This picture, the first to be received from England taken at the funeral of Bonar Law, shows the Prince of Wales (left) and speaker Whitley of the House of Commons, following the coffin of the former premier. The funeral procession is wending its way to historic Westminster Abbey.

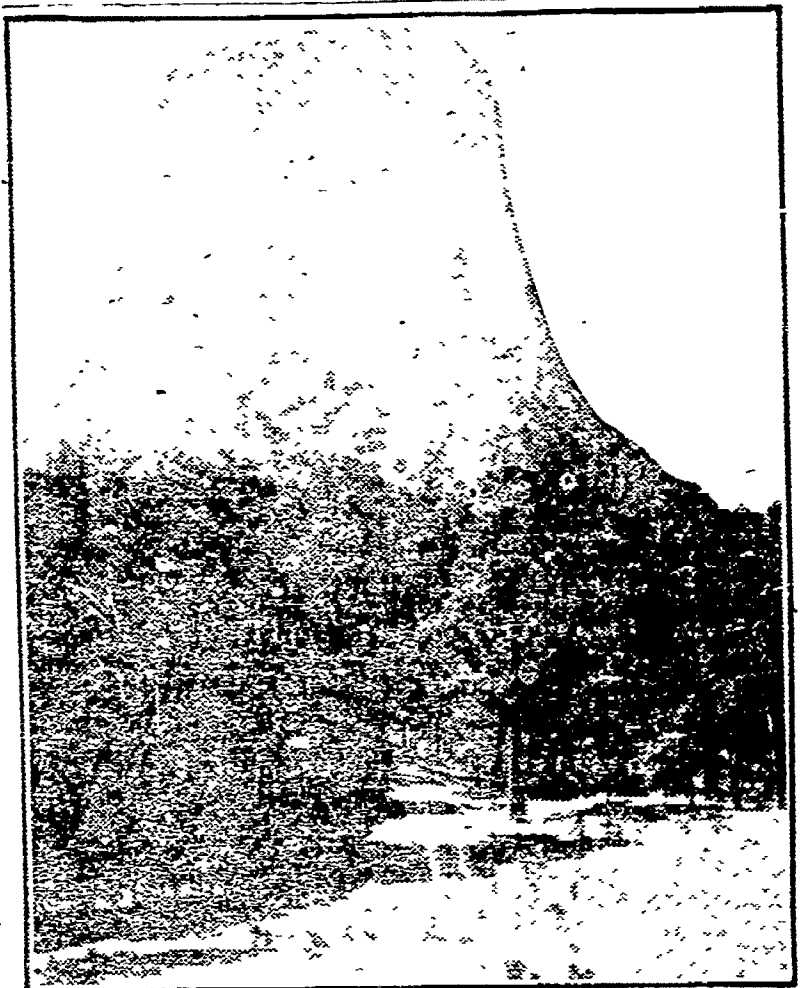

"Cannon Ball" Baker, auto speed demon, made a recent motor trip from New York to Los Angeles without once shutting his car out of high speed. He is shown delivering a letter from Mayor Hylan of New York to Mayor Croyer of the movie metropolis.

This turkey feels all dressed up. Mitzel, actress, is giving the gobbler her best attention, for it was bought for her Thanksgiving dinner. It isn't every turkey that will have the honor of being eaten by a noted actress. Lucky bird!

"Miss Pittsburg," otherwise Miss Mayme J. Connelly, was selected from among 400 girls to represent the "Workshop of the World" in the national beauty contest to be held in New York Nov. 28. She will travel New Yorkward in a special train, with a regal trousseau and an entourage befitting an empress.

No, dear reader, this isn't the stump of an enormous tree. It is "The Devil's Tower," a huge monolith, which is one of the many scenic wonders along the famous Custer Battlefield Highway through South Dakota, Wyoming and Montana.

Here are two eggs 100,000 years old, the oldest of dinosaurs in western Mongolia, found by the Roy Chapman Andrews Expedition. Twenty-five eggs in all were found. They have been shipped to the Museum of Natural History, New York.

Yes, even society folk learn the gentle art of self-protection. Donald McLean Wyle, son of Edward A. G. Wyle of Lawrence, L. I., is shown throwing his instructor Carl R. Temple in an exhibition wrestling match.

Firm friends are these two, a dog and a rabbit. They are inseparable pals, even sleep together in their South London, England, home.

Meet Mr. Lach and his family. The picture was taken in Africa by John Hagenbeck during a recent hunting expedition. The lion family is bound for a drink of nice, cooling water. Long distance lenses made the photo possible.

Girls take a good look at this! It shows one reason why fond mothers raise their boys to be soldiers. This lad, the top of whose head you see, is having a permanent wave put in his hair—said to be the very latest in New York.

Signor Laframencio is an artist, as well as a deputy and officer in the Milan Fascist. That's why he wears his hair and whiskers long.

Exclusive photo of Sarazen, the champion two-year-old racing marvel, and Gene Sarazen, golf champion in whose honor the horse was named. The two champs posed at the Laurel (Md.) track. Don't be misled by red jockey clothes on Gene. He didn't ride the horse.

This copyrighted photograph is said to be the first one of the president's wife to be made in the White House. Sitting was made in the private dining room, using furniture of the blue room. One hour was given by Mrs. Coolidge for the sitting. This photograph is the favorite one, and was released for publication by Mrs. Coolidge, who wrote, on the back of the proof, the single word, "approved."

60 FAMILIES MADE HAPPY BY ANNUAL HIGH SCHOOL SALE

Elaborate Preparations Completed For Senior Class Auction

Flour, peas, beans, peaches, sugar, sweet potatoes, rice, cranberries, jam, raisins, apples, coffee pumpkins, peanut butter and few other things which will cost in the aggregate more than \$400 will be given to needy families Wednesday evening through the generosity and hard work of Appleton high school seniors and other students. Baskets and barrels will be delivered to the homes of more than 60 Appleton families. The amount of food included in each barrel will be determined by the size of the families. Those with many children will receive a barrel of goodies.

Appleton high school children are learning their civic duties early by conducting the auction the proceeds from which are used to supply the Thanksgiving cheer baskets for the entire city. For many days every student in the senior class has labored hard at his appointed task in order that Appleton's needy ones may have a nice holiday.

It may be that in the fun of preparing for the auction at which everything imaginable in the line of food is sold to the pools of students and townspeople, that some of the students lose sight of the real purpose of the event. It is impossible, however, to think that students who handle \$400 worth of groceries on Wednesday, placing them in the baskets can forget why they are working so hard. Appleton people are invited to the auction. It would be well worth while for any one to just happen in at the high school Wednesday morning to see the students packing the baskets.

SIX MORE FAIL TO HEED ARTERY SIGNS

Following the initial arrests for violation of the city arterial highway ordinance Sunday evening, police arrested six more automobile drivers who failed to observe the "Stop" sign at arterial crossings Monday evening. All six arrests were made at the corner of Oneida-st and College-ave. Patrolman Herbert Kapp arrested Emeda Hofkins, of Kilmberly, M. J. Hanson, Allan C. Hackworth, Dewey Zwicker and August Noffke, all of Appleton, and Patrolman Edward Ratzman arrested O. Kress of Appleton. The men were to be arraigned before Judge A. M. Spencer in municipal court Monday afternoon.

5 COLLEGE ORATORS IN CLASS CONTEST

Five Lawrence college orators will compete for the interclass oratory prize at Lawrence Conservatory of Music at 7:45 Tuesday evening. The orators include one senior, Harvey Ties, and four sophomores, George Christianson, Clara Shogren, Ben Teal and Willard Hench. Winners of the contest will represent Lawrence at the interscholastic oratorical contest which will take place here early in the second quarter.

This will be the first interclass oratorical contest outside the old chapel. The contest formerly was an occasion for great rivalry among the classes for the best entertainments and decorations in honor of their orator. This was made impossible.

The judges will be Miss Lora Miller, W. S. Ford, and Dr. R. C. Mulienix.

BRITISH TARS STOP HERE ON CROSS-COUNTRY TRIP

George Williamson, first mate, Albert McKay, second engineer, and James McFadden, third engineer, in navy uniforms of the British navy were in Appleton for several hours Tuesday, on their way from Seattle, Wash., to Halifax, Nova Scotia, having been transferred from one battleship to another.

They had seen service in Russian waters for the last 27 months and expect to have an opportunity to visit Scotland, their native country, within the next few months.

Lee Thompson of Neenah, was in Appleton on business Tuesday morning.

Neuritis the Nerve-Wrecker

Those who have experienced the agony of a well-developed case of neuritis know its baneful influence upon the entire nervous system. Many sufferers, tortured in mind and body and driven to despair by the ravages of this insidious disease, have finally sought relief through self-destruction. The first indication of neuritis is usually a sharp, cutting pain in the shoulder, neck, forearm, thigh or leg, sometimes accompanied by soreness in the muscles, stiffness in the joints or numbness in the hands or feet.

If you suffer from neuritis, don't experiment! Take Eopa Neuritis Tablets—a treatment that has proven its merit in hundreds of stubborn cases. Endorsed by many leading physicians. Guaranteed to be free from narcotics and all other products.

Know Your Goods, Fisk Tells Salespeople In Talk On Advertising

Business Expert Advises Merchants And Employees To Study Merchandise They Are Selling

The importance of newspaper advertising in the mercantile business and the necessity of salesmen to study the nature and quality of the goods to enable them to talk intelligently were emphasized by James W. Fisk, merchandising counsel for the Milwaukee Journal, in his lecture on "How Advertising Lessens Sales Resistance" at the vocational school Monday evening.

Monday night's meeting, which was well attended, was the second of a series of three evening gatherings which Mr. Fisk is conducting here under auspices of Appleton Chamber of Commerce and the Appleton Post-Crescent. At noon Mr. Fisk spoke to a group of merchants at a luncheon. Mr. Fisk will be here in two weeks to conduct the third of the series of meetings.

If salespeople expect to succeed in their occupation, it is necessary for them to gain all the information they can about the goods they are selling, the speaker said. He advised them to go to the public library and procure books on salesmanship, to study the periodicals and trade journals and to make themselves thoroughly familiar with their firm's advertisements in the daily newspapers.

There is nothing a customer dislikes more, he said, than to be confronted by a clerk who is ignorant of the goods on sale and unfamiliar with the prices at which they are being offered and is compelled to get the information from those better posted.

ILLUSTRATES TALK
Mr. Fisk illustrated his point with pictures. He presented the advertisements of more than 50 well known articles on the market and called special attention to the reading matter connected with them which told how they were made and in what way they excelled the goods offered by competitors.

Among the advertisements thrown on the screen were those of well known face powders, soap, gum, sweaters, cigarettes, baking powders, furnaces, rubber goods, wearing apparel, trunks, suitcases, baby foods, and fruits. He said even the lowly prune had gained distinction through advertising.

A clerk should be informed in every article he is required to sell, declared the speaker. He should know where it is made, the kind of material that enters into it, whether it is guaranteed, the class of trade that buys it, whether it has been tested, whether it is reliable, whether any machinery is required for its manufacture, whether it is washable, and so on.

The idea in being thoroughly informed is to overcome any objection the customer might make. Nothing is ever high priced if the price can be explained, he said.

H. L. POST ADDRESSES H. S. BUSINESS CLASSES

If the students of salesmanship and office practice classes of Appleton high school do not know a little about the great many factors of business it will not be because they have had no opportunity to learn. On Monday morning, H. L. Post of the Pettibone-Peabody company, talked to the salesmanship class on how to figure compensation and profits. Each week a competent business man or woman tells of the practicalities of business practice.

TWO HURT WHEN CAR HITS OBSTRUCTION

New London Car Crashes Into Bar Protruding From Wagon Standing On Road

George Popke and Mrs. Roland Blank, both of New London, were slightly injured about 5 o'clock Monday evening when the automobile driven by Mr. Blank crashed into an obstruction protruding from a wagon parked on Highway 39, about four miles from Appleton. Mrs. Blank said a bar or obstruction of some kind protruded from the wagon which tore off a fender from the car and crashed through the windshield, showering glass on occupants of car. Mr. Popke, sitting in the front seat, was cut about the head and Mrs. Blank also was cut. Mr. Blank and Mrs. Blank's sister, Mrs. Geneva Gulbrandson, escaped injury. Occupants of the automobile were unable to learn who owned the wagon left on the highway.

Mr. and Mrs. August Brandt and children were guests Sunday of friends at Black Creek. R. J. Lindsey of St. Paul, is in Appleton on business.

MARAUDERS STRIP ROHM'S FLOCK OF THREE ROOSTERS

What freak of depraved mind inspired the theft of Robert Rohm's roosters three nights before Thanksgiving day? That is what Mr. Rohm, Mackville, rural mail carrier, wants to know. He hasn't a rooster left in his flock since the raid on his hen house and apple tree roosts Monday night. The thieves with a one-sided appetite left no tracks, and made no noise to disturb the members of the Rohm household. But what the flocks will do without their protectors this winter remains a problem.

TRAPSHOOTERS CLOSE SEASON NEXT SATURDAY

Trapshooters will take their last shots at clay pigeons next Saturday afternoon when Appleton Angling and Shooting club holds its last tournament of the season at the shooting park on Lake. The tournament starts at 2:30. G. L. Chamberlain, secretary of the club, said a large number of trapshooters want one more chance at the targets this year. Shells will be provided at the shooting park. Mr. Chamberlain said.

SALTER PREACHES AT UNION SERVICE

The Rev. E. M. Salter of First Baptist church will preach the union Thanksgiving service at Lawrence Memorial chapel at 10 o'clock Thursday morning. His subject will be "The Crossed Hands of Blessing." Dr. J. A. Holmes, pastor of First Methodist church has charge of the music. Carl McKee, baritone, and George Nixon, tenor, will sing, and there also will be community singing. The offering for Thursday's service will be turned over to the Red Cross.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and saves about 80% Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Wayne, Ind.

2,200 WOMEN AND GIRLS HEARD SEX HYGIENE TALKS

Miss Mabel Craig Stillman left Monday for Chicago after addressing more than 2,200 girls and women in Appleton and Neenah during one week. Miss Stillman, who is a member of the Illinois Vigilance committee, came to Appleton and Neenah to talk on sex hygiene before the Young Women's club at the invitation of Appleton Women's club and to Neenah under auspices of the Young Women's club.

For Thanksgiving—

Only the best of foods must grace the Thanksgiving table. Turkey, pies, vegetables, conserves, bread-stuffs—all must be the best that can be had—the most skillfully prepared. Into this supreme class JELKE GOOD LUCK Margarine naturally takes its place because of its high quality. Made fresh each day from pure ingredients perfectly blended with fresh, full-cream milk, GOOD LUCK is a splendid example of what a pure food can be. In the extra baking for Thanksgiving it plays an important part as a shortening. As a spread for bread it is the very thing to serve on the table. For a feast where every food must be perfection, there, fresh GOOD LUCK should be served.

Kaukauna Catholic Church Celebrates Fiftieth Anniversary On Thanksgiving Day

KAUKAUNA—Celebration of the fiftieth anniversary of Holy Cross church will take place on Thanksgiving day. Arrangements have been made to have all the priests who were affiliated with the local church attend the service.

Services start at 5 o'clock. Thanksgiving morning when Rt. Rev. Paul Rhode, Bishop of Green Bay, will offer solemn pontifical mass, with all the former Kaukauna priests assisting in the sanctuary. Many visiting priests will be in attendance also. A short program will be given at 3 o'clock in the afternoon by the children of the school to which the public is invited.

At 6:30 in the evening the jubilee banquet will be served in Eagle hall. Speakers will include Bishop Rhode, R. H. McCarty of this city and Atorney John Martin of Green Bay.

Holy Cross parish, which today has a membership of about 450 families, about 2,000 individuals, separated from the Catholic church in Little Chute 50 years ago. In the spring of 1873 62 families in this vicinity believed a separate parish should be formed here. A meeting was held and P. J. Brothers was authorized to communicate with the Rt. Rev. Joseph Melcher, bishop of the Green Bay diocese, with the result that the bishop expressed his approval of the movement.

HOLY CROSS CONGREGATION OF KAUKAUNA WILL CELEBRATE ITS FIFTIETH ANNIVERSARY WITH SPECIAL SERVICES ON THANKSGIVING DAY IN THE SPLENDID EDIFICE PICTURED AT THE RIGHT. MONSIGNOR P. J. LOCHMAN (ABOVE) HAS BEEN PASTOR OF THE CONGREGATION SINCE 1908.

For donations and money for the new church was gathered from Catholics and non-Catholics alike. In April, 1914, work was begun. The records contain the names of many persons active in the church who donated for its future to the new structure. The bell which was purchased in 1876 was tucked from the ruins and pieces which had melted from it were gathered together and shipped to the firm from which it was purchased where it was recast. Two other bells were presented to the church.

PROPERTY DONATED

The lots which are now occupied by the church, parsonage and sisters' home were donated by Captain John Mead upon the suggestion of his son, Mr. Mary Grignon. Records show that many non-Catholics assisted and donated material for the construction of a church.

The building of the new church and the formation of the new congregation were delayed when in May the bishop left on his trip to attend the Vatican council, leaving the diocese in charge of the vicar general who sided with the pastor of the Little Chute church that the separation was impracticable and refused to sanction the project.

However, the idea had taken firmly hold of the Kaukauna residents and another committee was sent to the vicar general and the letters of permission written by Bishop Melcher were produced. Consent to continue the undertaking finally was given and on Friday Dec. 26, 1873, the first Catholic church in Kaukauna was dedicated. It was not the first time, however, that services had been held for masses frequently had been offered in the Grignon homestead.

WAS A MISSION

Unable to support a resident pastor, the local congregation became a mission of the Buchanan priest in March, 1876, the Rev. A. N. Buschle, became the first resident pastor. During his brief sojourn of 14 months, the parsonage was built and furnished and the cemetery was donated by Mrs. Mary Bell also was secured and installed in the belfry.

The first parish school also was started by the first pastor. He superintended the education of 61 pupils, assisted by one teacher. In May 1877 he was succeeded by the Rev. Father Ganesh who was here only five months.

Following the removal of Father Ganesh, the Rev. Julius Rohde was appointed pastor of the local congregation. He was a young man, having been ordained in June of the same year, but to him is given credit for establishing the congregation on a firm basis. He was pastor of the church for 30 years, serving until his death.

Among the first things Father Rohde attempted, was to pay the debt of \$1,200 of the congregation. By faith, subscriptions and pledges the amount was raised in two years. Through Father Rohde's efforts also the Franciscan Sisters were brought to this city to teach in the school. Progress continued and in 1881 the school house was enlarged and the house for sisters built. In the same year the church was struck by lightning and badly damaged but was repaired as well as possible.

ANOTHER CONGREGATION

The removal of the railroad shops from Manitowish to Kaukauna about this time created a great building boom and a village soon sprang up on the south side of the river. A Catholic church also was built and Father Rohde attended to the congregations on both sides for some time. In 1886 the foundation for the present Holy Cross school was built. The new school cost \$2,000. The Franciscan Sisters withdrew and the Dominican Sisters of Racine took their places. Heartily cooperation donors' fairs and picnics again raised money to clear the new debt in a short time.

In spite of the fact that about 250 families left the north side church upon the completion of the south side one, it became evident that the church was insufficient to accommodate the parish but before action was taken regarding it plans were made to construct a new priest's house. The house was completed at a cost of \$3,500, leaving the congregation once more in debt. Meanwhile repairs and improvements were being made regularly upon and in the church. In 1897 35 plans were prepared and contracts awarded for remodeling the church.

After a rest of five years from debt making improvements it was found necessary to enlarge the sisters' quarters which were wholly inadequate. In 1905 John Benoit's carpenter and contractor furnished plans and superintended the enlargement of the building. Electric lights, hot air furnace and modern improvements of that day also were installed.

FATHER ROHDE DIES

It was during 1906 that Father Rohde's health began to fail but he continued to administer to the congregation until the following year when the first assistant was sent to relieve him. The assistant was Rev. August Dussold who arrived in August 1907 and remained here until after

the death of Father Rohde, which occurred Jan. 1, 1908.

Father Dussold continued as acting pastor here until Feb. 15 when Msgr. Peter J. Lochman, present pastor arrived to take charge. Investigation by the new pastor revealed many things that had necessarily been neglected through his predecessor's illness and work of improvement once more was begun. This new work and because the congregation had become slack in its payments, left debts amounting to more than \$6,000.

Attention was then drawn to the school again. Cement floors were laid in the basement and hardwood floors were put down in all the rooms. A new heating plant was installed and the building generally was improved. More than \$2,000 was spent in 1908 for these and other improvements.

CHURCH BURNS

In the midst of great progress in the parish during the time improvements were being made on the church through donations of statuary and furniture, and shortly after the beginning of another period of rest from expenditures, came a fire which destroyed the church. The fire occurred on Oct. 29, 1913. A few vestments and statues were saved but all else became the prey of the flames.

The parish at the time was about \$5,000 in debt and received about \$15,000 insurance on the building. A building was fitted up on Wisconsin ave but was altogether too small. Then partitions were removed from between two rooms in the school, but without alleviating crowded conditions. In the spring and summer of 1914 the foundation of the new and present church was completed and on Nov. 29, 1914, first services were held in the basement chapel.

A house to house canvass was made

for donations and money for the new church was gathered from Catholics and non-Catholics alike. In April, 1914, work was begun. The records contain the names of many persons active in the church who donated for its future to the new structure. The bell which was purchased in 1876 was tucked from the ruins and pieces which had melted from it were gathered together and shipped to the firm from which it was purchased where it was recast. Two other bells were presented to the church.

John Coopes was the lowest bidder for the construction of the church and received the contract. Lighting contracts were awarded to Gus Johnson. The edifice was dedicated on Sunday, May 7, 1915. On Jan. 1, 1917, the congregation had a debt of only \$12,001 and all during that year efforts were made to reduce the debt. In 1919 the school building again had become too small and a school room was fitted up in the church basement.

ENLARGE CEMETERY

By this time the cemetery was becoming a problem and it was necessary to secure more room to bury the dead of the congregation. About nine adjoining lots were purchased from Joseph Faust for \$1,500 and in 1920 still further enlargements were made when the parish purchased 12 and 3-10 acres from Frank Kleofin for \$4,625.

In 1922, the school was enlarged. The entire cost of the work including lighting, heating and extras amounted to \$26,782.44. Efforts to hold down the debt and reduce it were successful for on Jan. 1, 1923 the debt was only \$15,370.30.

During the 50 year existence of the parish 2,885 persons were baptized, 1,601 were confirmed, 821 couples were married and 844 persons

were buried. About 35,000 communions have been held this year and it is estimated that more than 2,000 children have received education in the school.

Nine assistant priests have labored here during the 50 years of the parish. The first was the Rev. August Dussold, who was here from August 1907 until February, 1908. He was succeeded in May, 1908 by Father John Kornoust who remained here until the following September when he was relieved by the Rev. Ignatius Gruenewald. Then came the Rev. Leopold Blum who was assistant here until May, 1912 when the Rev. Joseph VanBogart arrived. Father Van Bogart was assistant when the congregation suffered the loss of the church by fire and remained here until a week before the dedication of the new church. He was succeeded by Father Joseph Gabrys who was succeeded by the Rev. L. A. Benkert. He remained only a few months. Then came the Rev. Andrew J. Quella who acted as assistant here for three years and was succeeded in July 1920, by the Rev. Edward LeMieux, present assistant.

this winter. No large improvement program on river projects is in view, engineers report only the regular maintenance work being under consideration.

RED PEPPER HEAT
STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

RAISE \$15,000 BY CHURCH PLEDGING

Congregationalists Subscribe Liberally On Voluntary Pledge Day

Approximately \$15,000 has been assured the First Congregational church toward its budget of \$21,000 through the voluntary pledge day conducted at the church Sunday afternoon. Members made weekly pledges for the year 1924 amounting to \$12,000. The remaining \$3,000 is the average amount which is obtained annually from the Sunday school Sunday offerings and women's organizations.

The remainder of the budget will be obtained by committees which will make a canvass next Sunday of the members who have not made a pledge. A supper will be held this week at which cards will be supplied the canvassers.

FORMER APPLETON MAN SPEAKS TO POSTAL MEN

Peter N. Hodgins, brother of Joseph Hodgins and a graduate of the former Third ward high school, has been engaged in the postal service at Denver, Colo., since leaving Appleton 20 years ago.

He was one of the speakers at a recent meeting of postal workers and their families of Appleton and in mentioning the meeting the Postal Worker said:

"Last, but not least, we were greeted with the smiling face of Brother P. N. Hodgins, president of the local branch of the National Federation of Postoffice Clerks.

"His speech was to say the least gripping. He is blessed with oratory, but of the kind that comes right from the heart. Brother Hodgins did not mince his words, and brought out his subject with real force and understanding.

"He gave every branch of the postal service the same consideration in his plea for a fair compensation for postal workers."

FARMING

Notes from Outagamie-co

BY W. F. WINSEY
Hortonville, Route 2 — Stephen Preister has lately completed a new, modern farm house.

Drephal—A. W. Litzkow has been elected as delegate to the eighteenth annual state convention of the American Society of Equity to be held at Wausau on December 5. Fred Litzkow was elected as alternate. The Drephal Live Stock Shipping Association has shipped 30 cars of live stock thus far this year and has later included two cars of dairy feed and one car load of salt.

Black Creek, Route 3—Charles A. Wussam, who has raised alfalfa for the last twenty years, is a pioneer in Outagamie-co in this popular kind of cattle feed. He is also the first farmer to tile his low land and to him his soil as a preparation for raising the new forage. In addition to these distinctions he now has a larger acreage of alfalfa perhaps, than any other farmer in the county. He raises the latter claim on 41 acres.

Mr. Wussam tests his soil and thereby saves the expense of liming for alfalfa or other crops, in places where lime is not needed. "So noticeable is the effect of lime on alfalfa, oats and corn," says Mr. Wussam, "that people passing on the road and seeing the difference in color between the limed portion of a field and the portion left without lime, often stop to inquire the reason for the contrast."

A Real Day of Thanks

Next Thursday is Thanksgiving Day: most everybody has been looking forward to it for several weeks so perhaps that isn't any news at all!

We'll be closed all day, of course, and we would like to suggest that as good Americans, we all devote at least five minutes of the day to thinking over just what we have to be thankful for. Then, it will be truly a day of thanks!

LETTER FROM ALICE HAMILTON TO MRS. JOSEPH GRAVES HAMILTON

DEAR MOTHER:

Although I know you intended to be kind I think you should have told me of Leslie's accident the moment it occurred. As it was you let me go on for a long time feeling quite hurt because she had not written me. Now I am filled with remorse that I could have thought for a moment that my darling sister would have neglected me when I was so far away.

However, I think had I received a cablegram, I should have taken the next boat home. It strikes me every time I think of the good times I have been having all the time I have been having while all the time she has been so ill.

I want you to tell Leslie that I knew nothing about her accident and that if she wants me or if she thinks that I can do her the least bit of good I will come home immediately.

Poor girl! I believe I would die had I been expecting such a wonderful event in my life as a baby and then had to bear the disappointment of losing it before it had even been laid in my arms.

Karl was awfully sweet in telling me all about it. He said that you let him go in and look at Leslie for a moment while she was asleep, so that he could even tell me just how she looked. He told me that Leslie "just like a Madonna who had been deprived of her only child by Death." He told me that Jack was thinking of adopting a child. I think this would be a lovely thing. Let me know as soon as you decide which way it is going to be and if you decide upon adoption, don't christen him until I come home. I want to be grandmother.

Poor Leslie, I haven't been able to get her out of my mind all day. This being married, mother, isn't such a cinch after all, is it?

Someway up until now I have always considered marriage a kind of glorified courtship under the sanction of the church, but now I see there are a great many responsibilities and cares connected with it.

Karl told me that you thought he had better bring those pearl beads of Leslie's over here, but he disapproved you from it. I wish you had let him bring them. I think they would go awfully well with my new pearl ring.

The ring of course is real, but everyone says that the beads are such a wonderful imitation that I'm sure they couldn't be told apart.

In one of her letters, Leslie intimated that she was going to break the string in two and give part of it to Beatrice Grimshaw for a wedding present.

You may tell her that I will never forgive her if she does a thing like that. I wrote and told her how hurt I would be if she did it, but I want you to clinch the argument.

I didn't know that I would be as glad to see anyone as I was to see Karl. I wouldn't marry an Englishman if he were the Duke of Westminster or the Prince of Wales himself.

Please cable me exactly how Leslie is. Could she read a letter if I should write it to her?

I love you all so much.

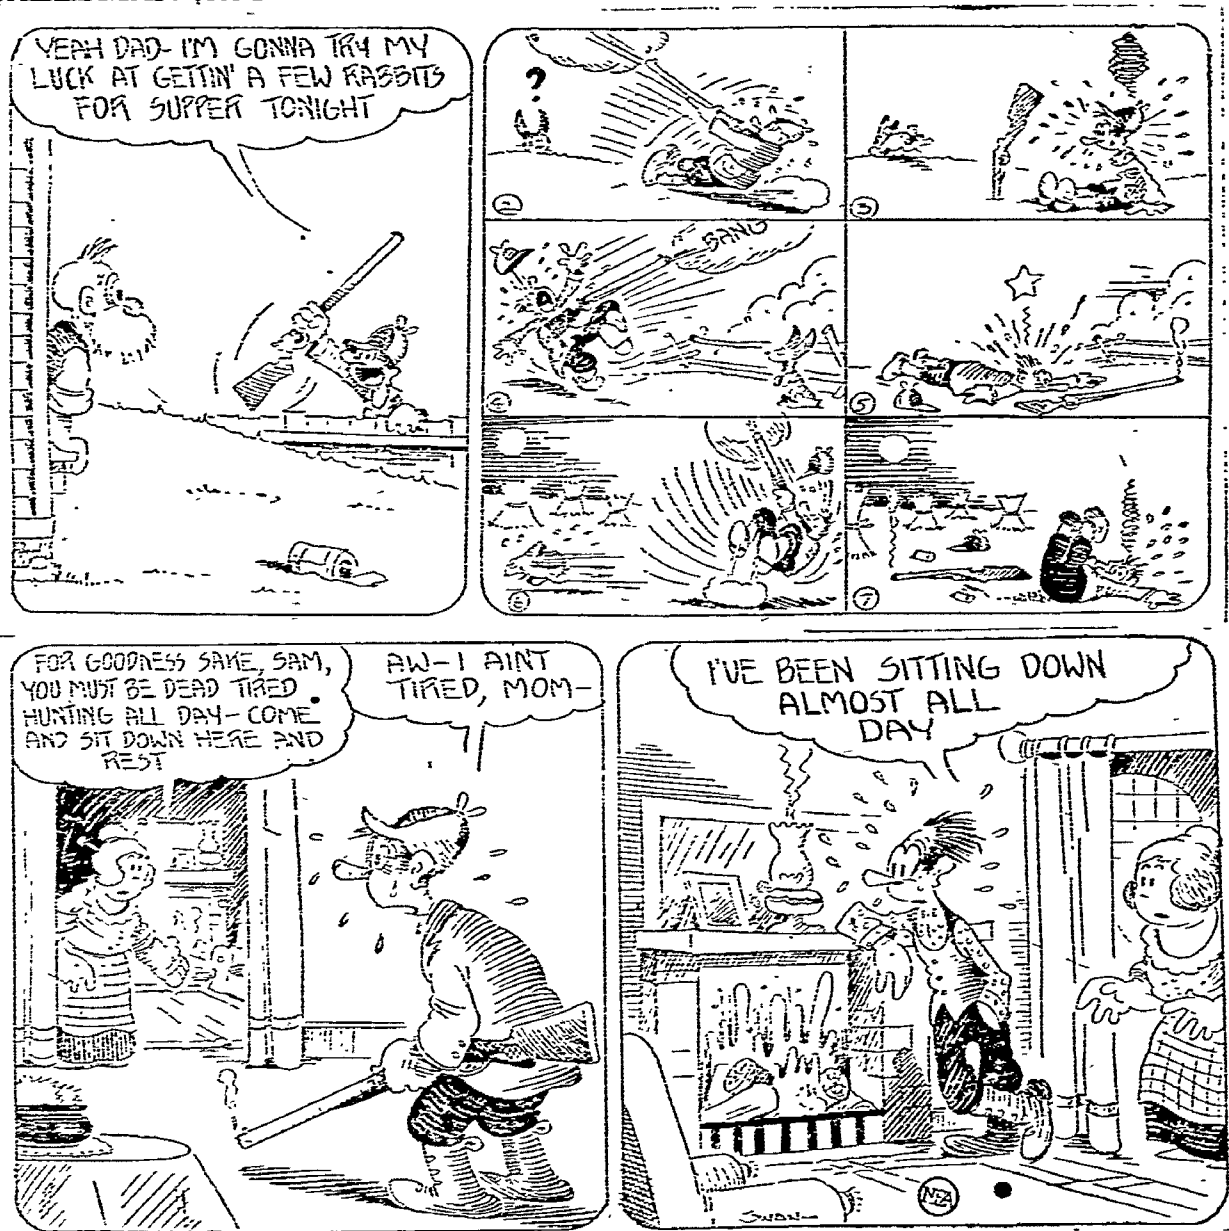

ALICE.

Adventures of The Twins

Chatterbox Maggy's Message

"Here comes Chatterbox Maggy," said Mister Gallop, the cowboy fairy, to the Twins. "He must have some important news from the way he's hurrying."

"I know a secret," screamed Chatterbox, as he settled on a nearby branch and flopped his wings to steady himself. "I was away up on a high cliff just now right above the place Mrs. Golden Eagle has her nest. And I heard her say, 'What would you like to have today for your suppers, dearies, a nice fat sage hen, or a cottontail, or a prairie dog?'"

"And all the little eagles called out, 'Bring us a Jackrabbit, Mammy. It's better.'"

"And Mrs. Eagle said, 'All right, darlings, you shall have it. I know just where to get a fine one, for I saw Johnny Jack's mother and daddy go out got more than half an hour ago.'"

"That's all I heard," panted Chatterbox Maggy, "and I came to tell you at once because Johnny Jack Rabbit is all alone."

"You did exactly right," said Mister Gallop hastily. "There isn't a moment to lose. Come on, Twins, jump on your ponies and we'll ride down to the place Johnny Jack lives and save him."

So Nanny and Nick and the fairies jumped on their horses and clattered away.

Johnny Jack was out playing in some willow bushes beside a ditch. But he got hungry after a while and decided to hunt for a patch of sweet grass.

Scarcely had he stuck his head out in the open when swoop—there was a rushing of wings and down came Mrs. Eagle. She made a grab for Johnny Jack and got him.

At the same second a rope whizzed through the air and caught Mrs. Eagle round the neck.

"You let go and I'll let go," called Mister Gallop sharply.

It didn't take Mrs. Eagle long to

MOVIE CRITIC FOR FRENCH

Chicago — Genevieve Harris, Chicago movie critic, has left her home town for Paris to become movie critic extraordinary.

In fact she must have been married and while she was still here she was still here. For she still has the criticisms of American films in French for publication in the Parisian 'Cine-Revue' magazine.

Now she is going to a further and further study of the art of the camera and the art of the screen.

She will study at the Sorbonne to supplement the education she gained at Wisconsin University.

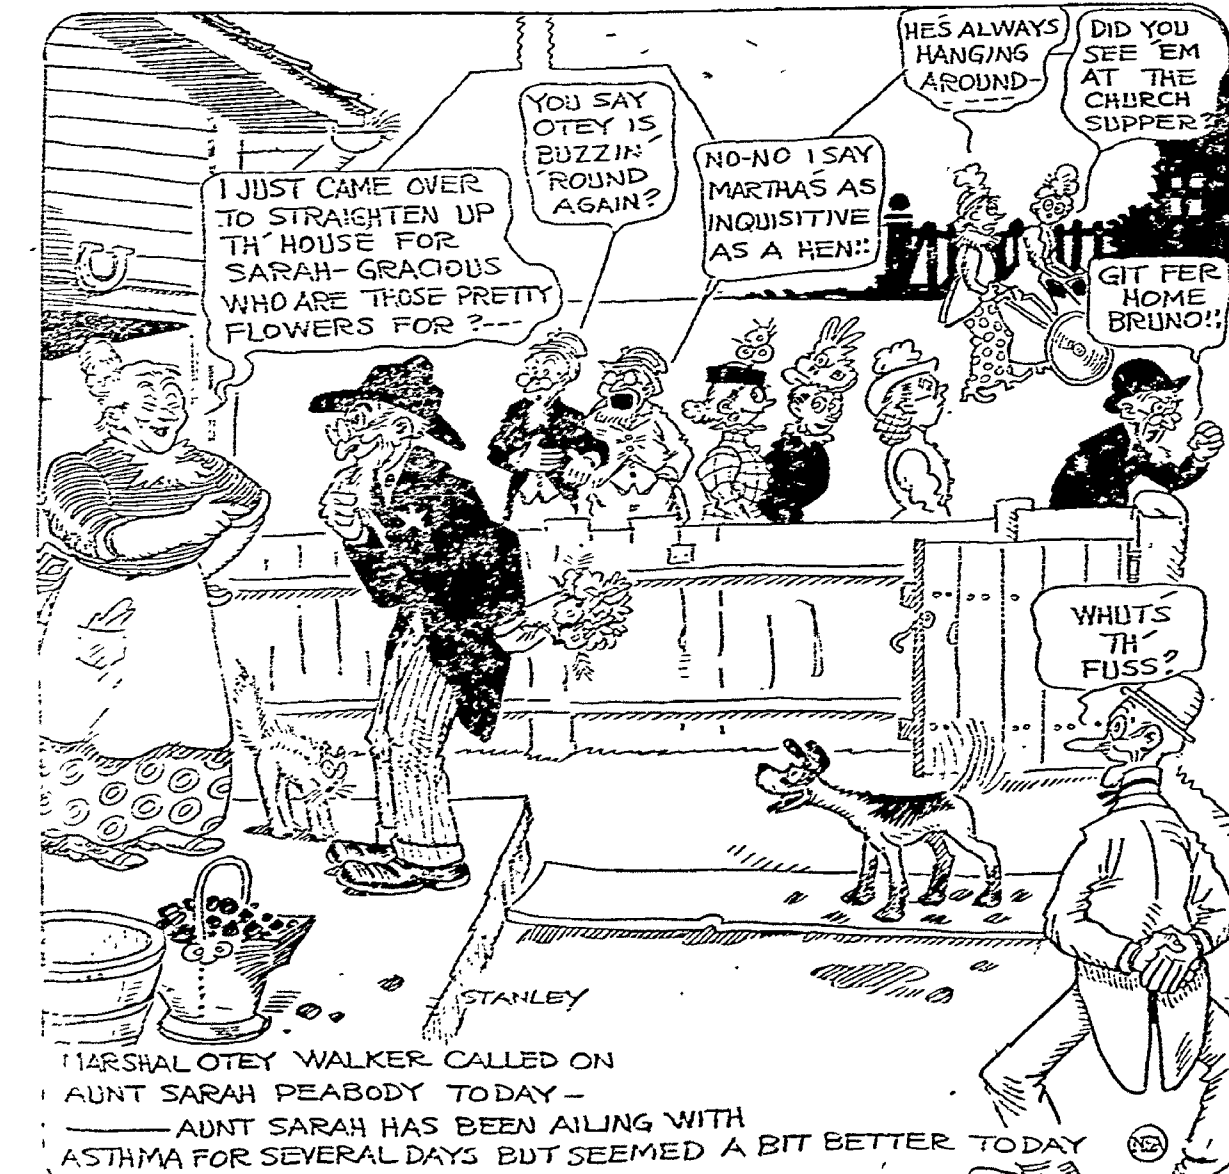

During her spare time, Miss Harris has written short stories and is the author of a course of dramatic writing.

Billiard Fans Flock To Watch Play In Cue Meets Of City Stars

McCoy And Manser Are Winners In 3-cushion Meet Over Powell And Bliss; Season Looks Promising

BOWLING

Three cushion and pocket billiards have come into their own with the opening of the tournaments at the Carr and Hansen billiard parlors. The junior pocket billiard tourney is especially popular, and related entries are still coming in to swell the list of competitors. As a rule the play is very close and exciting, and the hall is crowded to capacity with interested spectators while the games are in progress. The interest displayed promises a busy season this year, and the records indicate that a number of new stars may be expected to rise over the local horizon before the return of warm weather puts an end to the cue game.

How It Should Be Done

This remarkable picture, taken during the Notre Dame-Princeton football game, shows vividly the perfect system of blocking developed and employed by Coach Rockne's athletes. It will be seen that every member of the Notre Dame line has taken "this man" out of the play, leaving the ball carrier in this case Quarterback Stuhldreher, an unobstructed field.

Veteran Coach Of Michigan Would Maintain Schedule Of This Season

Ann Arbor.—Michigan is not averse to playing six western conference football games next year, provided two of them are with so-called weaker teams, Field H. Yost, director of athletics at the university, said on Monday. He was emphatic, however, in this assertion that Michigan's four games in 1924 will be with Ohio State, Iowa, Wisconsin and Minnesota—the same as this year.

-Knute Rockne- The Gridiron Magician

Insists on Perfection of Petty Detail Quarterback Big Cog in Rockne System Field Leader Works Under Specific Orders

"PERFECTION in petty detail is most essential. Generalities don't count in football," says Rockne. "There is no such thing as a one-yard or five-yard play in football. Every play started is a touchdown play is properly executed. If some player or players fail, then the play is merely good for what results."

"Following this line of reasoning, it is evident that the man who directs the play of a team is the outstanding figure. That man is the quarterback. He can make or break a team in his selection of plays. He can make a coach look like a wise guy or the veriest dunce."

At Notre Dame the captain is subordinate to the quarterback, who is the team leader and field general in every sense of the word. In addition to calling and directing the attack, the Notre Dame quarterback is the guiding hand of the defense. In Rockne's eyes, mere ability to lead a team on offense and make the necessary tactics on defense, is not enough to qualify as a field general of a Notre Dame football team. Keenness of vision in diagnosing plays is most essential.

UNIVERSITY OF COLUMBIA THREATENS TO ABOLISH EXAMINATIONS... THAT'S ONE WAY TO GET A GOOD FOOTBALL TEAM

If it is true that Jesse James never lived, as the historian insists, where did those dollar-a-year birds get their inspiration?

Some weeks ago a party of Appleton businessmen used a car belonging to one of them as a means for a picnic, unsuspecting that "the car men" might also apply to other animals. Wonder if that's how in Memoriam was named?

Chicago professors who are going to Africa to hunt elephants and tortoises could stay at home and have just as much fun by drinking booze.

The learned gentleman who wants to abolish the army and navy may never be proved because he couldn't get a ticket to the game.

"Standing Room Only" Sign Placed On Colombes Stadium 7 Months In Advance

Paris.—The French Olympic games committee already has hung up the "standing room only" sign at the Colombes stadium, although the official opening of the 1924 Olympic games still is seven months away. The stadium provides accommodations for 20,000 spectators. There will be 26,000 reserved seats and stand for the remaining 50,000 persons attending.

BIG TEN FOLLOWERS TURN EYES TOWARD BASKETBALL SEASON

Early Reports Show Wisconsin, Iowa And Chicago Have Best Prospects

Chicago.—The developments on western conference basketball floors now have the attention of the Big Ten followers that until last Saturday was directed toward gridirons.

In most of the conference schools the basket tossers have been training unintermittently for weeks, while football was engrossing the interest of the public. Now their numbers are to be augmented by many football stars as practice gets under way in earnest for the first games scheduled for the Christmas holidays.

Early reports tend to show that there will be a number of strong teams in the conference with Wisconsin, Iowa and Chicago having advantageous conditions. The Indiana and Hawkeyes tied for first place in the Big Ten basketball race last year and are again to be strong contenders.

Chicago, with four regulars of its 1922 season again eligible for competition, will have a strong team, as will Michigan and Iowa, according to early reports.

Football men who have just completed two months of training are expected to take a short respite before they take up their basketball activities.

ROBIN'S FIRSTBASEMAN FACES SUIT IN ASSAULT

St. Louis.—Innocent Fournier, star first baseman of the Brooklyn National League club, is named defendant in a \$5,000 damage suit here. Arnold Block, plaintiff, alleges that Fournier assaulted him in a hotel lobby here Nov. 18, without provocation and that he had never met Fournier prior to that time.

WOLVERINE CHIEF NEVER LOST GAME

Michigan Looks Forward To 1924 Season With 13 'M' Men In Prospect

By Associated Press Chicago.—Herbert P. Steger, captain of the Michigan football team, has never played in a losing game of football.

During the four years that he played halfback and fullback on the championship Oak Park high school squad here, the school was undefeated. Michigan has had an undefeated record for the two years he has been its halfback.

The first time the new captain was put in a varsity game his signal was called and he ran 69 yards for a touchdown.

With Steger as pilot and 13 'M' men back next year, the Yostmen are already anticipating a successful 1924 season.

SHOOT'S SELF IN HIP; LOVE IS UNREQUITED

Beloit.—Mother, don't blame Genevieve, she is the only girl I love. I'll shoot myself out of her way, Maurice. This note, found after Maurice Fowler, 21 years old, was taken to a hospital here with a bullet in his hip, led police to believe unrequited love was the motive of his attempted suicide. His brother, Arlie, found him lying in his bedroom, a .22 caliber revolver by his side. His recovery is expected.

Mrs. George Fowler, the youth's mother, said that parents of the girl blocked the marriage of the pair last June. The girl works in the hospital to which Fowler was taken.

Hereafter, when an air mail pilot stalls on him in midair, they may have a rescue party waiting for him by the time he reaches ground.

At least, the rescue party would be a way to his relief by that time. This comes from the comfort of the plane. The rescue party would be sent out to pilots and would be sent by the Postoffice Department. Washington. It is that plans are

most efficient apparatus in existence. Under most severe weather conditions, this set was found to function without failure. Besides, its comparative simplicity in operation assured its approval for this use.

Use of such apparatus on emergency landings will obviate the necessity of depending solely on beacon light signals, or on other forms of signaling during the day. Wherever it may be, night or day, in heavy fog or severe storm, all they need do is send out a call for landing assistance. With the pilot and the landing signal talking to each other, the pilot can

In case of emergency, when an expected landing must be made, pilot need only send out a call for help and tell his position, to be certain rescue. Without the radio equipment pilots have landed in such out-of-the-way places that they had to undergo privations before their rescue was effected.

Since the mail plane carries the pilot, to conserve space for the "paying load," or the mail, the engineers, detailed to design a set of planes had to make this a one-man, simple-control apparatus. It would have to be simple enough to interfere with the pilot's functions.

SIMPLE OPERATION

This requirement has already been fairly well met by the engineers. The only difference between the plane set decided upon

The turn of a large knob to maximum reading prepares the set for transmission. To receive, there are only two knobs to adjust in tune. The pilot tuned in, all the pilot need do is throw the switch from "transmission" to "reception" and back, as he talks to the ground.

A trailing wire of 200 feet acts as the antenna. When the plane takes off, the antenna is let out from a reel in the cockpit. It is grounded to the framework, engine and gas tanks. The sound of the engine, or interference from passing air currents, is
